**THE LATE HON. FREDERICK DOUGLASS.**

The above illustration of the late HON. FREDERICK DOUGLASS is, seemingly, the best representative likeness of Mr. Douglass that we have met with. He was born probably in the year 1817, in Tuckahoe, Talbot county, Maryland. He was one of about a thousand slaves owned by Col. Edward Lloyd. He died the 20th day of February, 1895, at his home in Washington, D. C.

When Douglass was a lad of about seven years he was taken to the slave settlement and placed under the care of a woman called "Old Aunt Kate," who dealt out meals to the slave children. She took a dislike to Frederick, and almost starved the boy. In writing of that period of his life in later years Mr. Douglass said: "I have often been so perished with hunger that I have fought with the dog for the smallest crumb that fell from the kitchen table, and have been glad when I have won a single crumb in the combat."

A few years later he lived in Baltimore and his new mistress was very kind to him, and at his request she consented to teach him to spell, read and write. But on learning this, her husband put a stop to it, saying that "learning would only make a Negro unhappy and discontented." But Frederick was ambitious to learn and he was bright, so he got some white boys to aid him in learning his letters and spelling and later he taught himself to read and write. At the age of about sixteen he was sold to a Capt. Thomas Auld and apprenticed to a ship carpenter, his wages going to his master. Douglass continued his studies in secret and when he had become a fairly good scholar, such as the old fashioned common schools turned out, he determined to escape and be free if possible. This he accomplished. But our readers must look to the history of his remarkable career for all these interesting details.

Frederick Douglass was unquestionably the Moses of his race. Born amid slavery when it existed in all the old States of the South, he lived to see his race as free as the freest, and possessed of all the legal rights enjoyed by any American citizen. Probably his greatest gift was that of natural oratory. He was a great master of homely pathos and broad humor, while his intellectual attributes compared favorably with those of any person who had had no better opportunities. In 1845 he delivered speeches all over Great Britain and Ireland. After the late war between the States he still devoted himself to the elevation of his race. In 1872 he was Presidential Elector-at-large for the State of New York. Later he was U. S. Marshal for the District of Columbia, then Recorder of Deeds in the same district; after this he was Minister to Hayti. The Haytian government finally made Mr. Douglass its chief commissioner to the World's Fair held at Chicago. This was his last public service. His fortune was probably about \$100,000. He had been editor, publisher, orator, author and public official in many places of high trust, and always an honest, patriotic and upright man.

Our readers should all procure the history of his life and study it. Learn how to be virtuous, good and great. The way is open to the colored man as well as the white if he will only put forth the necessary effort.

# Lyon's Kathairon

feeds and invigorates  
the roots of the hair.

MISS EMMA BROWN.

Athens, Ga., Sept. 5, 1895.

Lyon Manufacturing Co., Brooklyn, N. Y.

Gentlemen:—Your **Lyon's Kathairon** for the hair is just elegant. Its perfume is the sweetest I ever knew to be in any hair dressing. After using KATHAIRON I find my hair nice and glossy, and straight, so as to be easily combed and fixed up in any shape. I know Lyon's Kathairon does clean the hair and head of all dirt and dandruff, and also stops the hair from falling out. It is the best preparation for the hair I ever used and the surest thing to straighten the hair of any one having short, curly, stiff hair. It has done my hair more good than anything I ever tried, and I have tried nearly all hair articles in the market. It is very cheap at 50 cents a bottle. Hoping that all my friends will use it and be benefitted by it, I am,

Yours sincerely,

EMMA BROWN, Athens, Ga.

.....

W. T. HERRING & BRO., of La Grange, Ga., say they always recommend **Lyon's Kathairon** as a first-class hair stimulator. Some years ago a traveling salesman for Heath & Milligan, mixed paint manufacturers, Chicago, came into their store and upon his complaining about his total loss of hair, they recommended LYON'S KATHAIRON. The salesman bought a bottle at once, and when he again called on them, about three months later, he had a small, fine growth of hair all over his head, which was as clean and bald all over as a billiard ball at the time he bought the first bottle. He told them that the KATHAIRON was doing the work, and that he knew his hair would be as long as ever in a short time. Herring & Bro. have sold Lyon's Kathairon for years, and say it is just their "hobby" to recommend it as a first-class preparation for renewing growth of hair.

.....

Price 50 cents per bottle. For sale by all Druggists, or will be sent by Express, charges paid, to your nearest express office on receipt of price.

**LYON'S KATHAIRON** Eradicates Dandruff, and is a most delightful Dressing for the hair of old or young.

**Heard Washington Speak.**  
**Noah Raby Celebrated his 123d Birthday at Piscataway, N. J.**

Noah Raby, an inmate of the Piscataway Poor Farm, about three miles from New Brunswick, N. J., celebrated his one hundred and twenty-third birthday on Tuesday, April 1st, 1895. "Uncle Noah" is short and slightly bent. For six years he has been totally blind. An abundance of bushy white hair covers his well-shaped head, and there are yet traces of black in his beard. He says his father was an Indian. Raby was born at Eatontown, Gates County, North Carolina, on April 1, 1772.

He sleeps sitting in a chair "to avoid a rush of blood to his head." His mind is wonderfully alert and his faculties but little impaired. The old man lives upon bread and milk with some boiled fish or rice occasionally. When he was seven years old he acquired the habit of smoking from lighting his mother's pipe. He enjoys a smoke even now, but gave up chewing tobacco ten years ago.

He asserts that he remembers a speech Gen. Washington delivered at Yorktown. He speaks of Washington as a fine old gentleman who spoke to the point.

Mr. Raby always used Mexican Mustang Liniment for his rheumatism and other aches and pains.

Gentlemen:—Please find enclosed one dollar and fifteen cents, for which please send me two 50-cent bottles of Mexican Mustang Liniment at your earliest opportunity. It is superior to anything I have ever tried for neuralgia in the head. I must have this liniment at once; I cannot be without it in the house. Very respectfully,  
J. A. POWERS.

Gentlemen:—Mexican Mustang Liniment was used on an injured arm on myself thirty-eight years ago when I was a boy of ten years, and I have always remembered it with kindly feelings and have used it from time to time and always with success. An old lady relative, who has passed away, was the first one I know that used it, and I was the subject. This was in Suffolk, Virginia, thirty-eight years ago.  
Truly yours,

Dear Sirs—I have used Mexican Mustang Liniment for several years and can find no better or any as good, and if I do say it, I believe I have done more to advertise your liniment than any advertisement your druggist has sent out in this place. I have been doctoring horses for some time, and Mexican Mustang Liniment is my old stand-by. Yours respectfully,

Gentlemen:—I used your **Mexican Mustang Liniment** 30 years ago and have used it many times since. I find it the best liniment for rheumatism, also for cuts, burns, bruises and such ailments. I also find great relief when using it for headaches. Rub it in well and then apply a warm cloth to the head and the result is wonderful. It gives me pleasure to recommend it to all my brethren and friends.

Yours,

REV. A. S. SINGLETON, 501 Loyal St.

## Boys Should Learn

To run.  
To swim.  
To carve.  
To be neat.  
To make a fire.  
To be punctual.  
To do an errand.  
To cut kindlings.  
To sing if they can.  
To hang up their hats.  
To respect their teacher.  
To hold their heads erect.  
To sew on their own buttons.  
To help their mother and sister.  
To wipe their shoes on the mat.  
To read aloud when requested.  
To cultivate a cheerful temper.  
To speak pleasantly to an old woman.  
To help the boy smaller than themselves.  
To put every garment in its proper place.  
To remove their hats on entering a house.  
Not to tease boys smaller than themselves.  
To keep their finger nails from wearing mourning.  
To be as kind and helpful to their sisters as to other boys' sisters.  
To take pride in having their mother and sisters for their best friends.  
To close the door quietly, especially when there is a sick person in the house.  
To treat their mother as politely as if she was a strange lady who did not spend her life in their service.  
If they do anything, to take their mother into their confidence, and, above all, never to lie about anything they have done.  
When their play or work is over, for the day, to wash their faces and hands, brush their hair and spend the evening in the house.  
Not to grumble or refuse when asked to do some errand which must be done, and which would otherwise take the time of some one who has more to do than themselves.

Dear Sirs:--I write you in regard to curing a horse of a Fistula. This is the way I cured it. First open the place well and then saturate the wound and around it well with Mexican Mustang Liniment. Immediately after applying the liniment place a woollen cloth over the place and use a common smoothing iron heated as warm as the horse will bear it, and iron it for about ten minutes. Do this once a day. Of course the wound should be washed with Castile soap and warm water before using the liniment.

I am, respectfully,

I saw an advertisement of Mexican Mustang Liniment in the Baptist Vanguard, and having a sprained knee at the time I used this liniment on it and before I had used two bottles it was almost well. It's a good liniment.

Caked or inflamed udder and sore teats are  
quickly cured by the use of

**MEXICAN MUSTANG LINIMENT.**

"LADY LOUISE" AND HER YOUNG MISTRESS.

Office of Pines Dairy, Mrs. A. I. Young, proprietress.

COLUMBUS, GA., April 26, 1895.

*Lyon Manufacturing Co., Brooklyn, N. Y.*

Gentlemen:—A valuable Jersey cow—we called her Lady Louise, as she was my youngest daughter's pet—was suffering such agony from an inflamed and caked udder that my son stood gun in hand to shoot her and end her misery, as everything the veterinary had tried failed to cure her. My daughter, anxious to save her pet, pleaded that we try **Mexican Mustang Liniment**. To please her I consented, and to my astonishment in three days the cow was almost entirely cured, and is now the most valued cow in my stable. All we did was to bathe the udder with hot water and then gently rub the Mustang Liniment in, but we were persistent and faithful in the rubbing three times each day. I have for years been aware of the efficacy of Mexican Mustang Liniment and always have it in the house and stable, but this case was so bad when we discovered it that we thought it necessary to get a veterinary.

Yours truly,

MRS. A. I. YOUNG.

**MEXICAN MUSTANG LINIMENT** Cures all Old Sores and Ulcers. Wash with warm water and Castile soap, then apply the Mustang Liniment as an ointment.

**MEXICAN MUSTANG LINIMENT** cures by absorption; it penetrates muscle, membrane and tissue to the bone.

## Unsolicited testimonials from the users of MEXICAN MUSTANG LINIMENT.

Wentworth P.O., N. C., Dec. 6, 1894.  
Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:—I consider Mexican Mustang Liniment the first in the world. Have used it both on myself and also on my horses for sprains and bruises. I recommend it to all who have use for a liniment.  
Respectfully,  
J. H. CRADDOCK.

Lynchburg, Va., Nov. 27, 1894.  
Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:—I used Mexican Mustang Liniment on my boy's leg for white swelling, and it cured it when nothing else would. I also recommend it for all such things as cuts, sprains, etc.  
Respectfully, S. WALDON  
Cabinet maker.  
1901 Grace St.

Louisville, Kansas, June 9, 1894.  
Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:—I have used Mexican Mustang Liniment for the last thirty years both as a household remedy and on my stock, and found it to give the most satisfactory results. For rheumatism it is the best remedy I have ever used.  
Yours, W. S. BAILEY.

## Afro-American Notes and Statistics.

Charleston, S. C., has fifty Afro-American policemen.

Chicago Afro-Americans pay taxes on three million dollars' worth of property.

Frank Geary, an Afro-American, is the electrician of the Dixon Light and Water Company, of Dixon, Cal.

The Afro-American population of Rochester, N. Y., is 900, and only six men and women cannot read and write.

The Texas Legislature has passed a law "giving colored trustees the right to manage schools set apart for colored people."

The Savings Bank of the Grand Fountain of the United Order of True Reformers, at Richmond, Va., paid an annual dividend of 20 per cent. to its stockholders.

C. H. Smiley, an Afro-American caterer, of Chicago, has a \$100,000 building. He caters for the elite and his establishment is as elegant and complete as any of its kind in the city.

Wallace F. W. Stafford, a justice of the peace in Kalamazoo, Mich., is an Afro-American only 24 years of age. He is the second one of his race of that city who has ever received a nomination for a political office.

The Rev. George C. Booth, colored, who has been a pastor in Chicago for twenty years, has been appointed Chaplain of the Ninth U. S. Cavalry, colored. He is a graduate of the Yale Divinity School, and his application was endorsed by President Dwight and Prof. W. G. Sumner.

Two books from the pen of Thomas W. Stewart, of Kalamazoo, Mich., will soon make their appearance. One is the "Universal History of the Great Race of Ham," and the other is "The Encyclopedia of the Universal Progress and Achievements of the Great Hametic Race."

There are 1,416,302 Afro-American children in the public schools of the United States, and of these 1,329,613 are in the public schools of the 16 Southern States. This is an encouraging showing. A generation ago it was a penitentiary offense in all the South to educate an Afro-American.

# LYON'S KATHAIRON is a scientific preparation for stimulating the hair rootlets.

MISS ROSA HEIDT.

Savannah, Ga. Aug. 8, 1895.

Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:—I have used your **Lyon's Kathairon**, and it is the finest article I have ever seen for making the hair straight and also easily combed. I find no trouble in putting my hair up in any shape I wish, after applying Kathairon. It seems to soften the hair and make it remain in any position after being combed. I recommend it to all my colored friends who have trouble with their hair being "frizzy," or so curly that they can do nothing with it. LYON'S KATHAIRON will straighten it out.

Yours sincerely,

MISS ROSA HEIDT.

Leading actress in a Comedy Co. traveling from Savannah.

Augusta, Ga., Aug. 21, 1895.

Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:—I wish to say that **Lyon's Kathairon** is a capital hair dressing. I have been using it but a short time, and already see a great improvement in my hair. It not only straightens the hair but makes it grow soft and thick. I highly recommend it, and would be willing to pay one dollar a bottle for it, as it is the finest thing for the hair I ever used. Respectfully,

MISS ADDIE TALBOT.

Daughter of Rev. James Talbot, Baptist minister, Augusta, Ga.

MRS. B. F. JOHNSON.

Madison Ga., Aug. 26, 1895.

Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:—I think **Lyon's Kathairon** is the best hair restorer I ever used. For cleaning the hair and making it grow long and glossy I can recommend it as having no equal. Many people have short, "kinky" hair, and can never put it up in any kind of shape. LYON'S KATHAIRON will make this easy, because it makes the hair soft and straightens it also. I can recommend it to all who wish a nice, clean hair dressing. I will also say that it is a fine thing for headache—its sweet perfume relieves my headaches immediately. I hope my friends will try it, and they will find I am right in what I have said. Very truly yours

MRS. B. F. JOHNSON.

Leading colored millinery and hair dressing establishment, Madison, Ga.

La Grange, Ga., Oct. 1, 1895.

Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:—I have used four bottles of **Lyon's Kathairon** and it has stopped my hair from falling out and is making it grow very much better and straighter. It has troubled me for a long time, and I am glad I have something to make it grow. I can recommend it to all, and they will surely be pleased with it. Yours,

MRS. N. J. CARLISLE.

# Important Facts

touching upon the  
**Present and Future Conditions of the Negro Race.**

— 0 —

1st...The census of 1790 showed in round numbers the Afro-American population in the U. S. to be 750,000. The census of 1890 showed 7,500,000. By a careful calculation it is observed that the white population increased from a little more than 3,000,000 to about 55,000,000, or eighteen times as numerous as they were one century before, while the colored increased only ten times as numerous. Thus we see that one hundred years ago the Afro-Americans constituted about 20 per cent. of the total population, while now he constitutes not quite 12 per cent. It is commonly believed to-day that the Afro-Americans number about 8,000,000, while the total population is estimated at 70,000,000.

2d...It is true that in Louisiana and Mississippi the colored population constitute more than one-half of the inhabitants, and in South Carolina about two-thirds, but in all of the other Southern States, except Arkansas, the census shows that the colored population has declined in the last ten years in relation to the whites—in other words, has not increased so rapidly. Hence we infer that any so-called danger of a race war is only the workings of a diseased imagination on the part of weak-minded politicians, no matter to which party or color they belong.

3d...The colored man is going into the country. That is a good omen. God made the country and man made the town. It would be better for both races if more of our people flocked to the country and less to the cities. There is both health and wealth in agriculture, horticulture, etc., and of the best quality of the products of the soil the markets of the world are seldom or never glutted. George Washington, the patriot father of our country, lived and died and is entombed in the country. It would be wise on the part of the parents of colored children, the teachers of their public schools, the preachers occupying their pulpits, the editors of their public journals and the foremost of their representatives who stand up for education, industry, religion, morality, home-getting and the enforcement of law and order, to urge the colored people to locate in the rural regions of the great Southern and Southwestern States for many years yet to come. In these localities he finds room for his labors, open opportunities and almost no race prejudice to overcome.

4th...Is the Negro capable of common-sense effort for self-improvement? We answer YES, most emphatically! The history of his career during the late war proves it. The progress he has made since the war also affirms it. In brief, the entire record of the race during the last third of a century that it has been on trial is one to challenge the admiration, the encouragement and guiding thoughts of the great and grave minds of all Christendom. The history of the colored man has been both a revolution and an evolution. Well may we exclaim "What hath God wrought" True, there yet remains a world of work to be accomplished, but by the rich blessings of the Almighty Father it will all be done in His own good time. So long as there are colored men of good heads, hearts and morals, like Prof. BOOKER T. WASHINGTON, of the Tuskegee Normal and Industrial Institute, of Tuskegee, Ala., to go among the Negroes and organize the "Unpolitical Conferences of Negro Farmers" and bring them together at proper times and places to learn of each other what is best for the promotion of their mental, moral and material good, there is great hope for the colored race and for the bright, sunny South, where they always have, and, in the opinion of the writer, always will best succeed. At one of Prof. Washington's conferences, facts like these were brought out, to wit: "Seven of my colored neighbors have bought homes during the past year." "One woman had raised 400 pounds of pork." "All my neighbors are raising their own meat instead of buying it." "Over 100 farmers have paid for their homes." "The Afro-American citizen is urged to buy land." "Keep out of debts and lawsuits." "Lengthen the school term by self-taxation." "Build better houses." "Employ good school teachers and truly pious preachers." These "Unpolitical Conferences of Negro Farmers show 'em how to pull out." "What affects my neighbors affects me too, for if my pockets are full and his are empty, I shan't sleep comfortably while he's around." "It makes a man truthfuller to own land and know that when he gives his word he can't run away; to own property is to own character." "I've got twelve children—ten boys. I own 270 acres of land, and I haven't bought a grain of corn since I began farming—it's a 5-plow farm. I raise my own meat—raises a plenty, eats a plenty, and never does somethin' for nothin'." Old Father Mitchell, a gray-haired farmer, in reply to the question, "Can you organize a conference in your neighborhood?" said: "I'm building a house for that business now." The question of emigration, which was the last discussed, received short shrift. "A fool in Africa is no better than a fool in America," was one dictum. "Salt your dollars down where you are," said another. "In the North you need more capital and find more competition," said one young man who had tried it; "push and politeness will do you here." "In the North the white man doesn't mind work and he wants it all." "The black man and the white man can work together here." "The Southern people have a sentiment for the black; the North is all for business."

5th...On the 14th day of April, 1865, in San Francisco, California, the colored man started the "ELEVATOR," the first weekly newspaper in all the wide, wide world devoted to the best interests of his race. It is still going, and he can now count over three hundred papers, periodicals and magazines which are well supported by the race. They have schools, academies, colleges and universities in every Southern State. Of churches we may say that almost every denomination known to the white race in the United States is also established and maintained by the colored. He is well represented in the pulpit, the press and the bar. He has banks, building and loan institutions, mercantile establishments, factories and farms. His wealth represents a good many millions. Surely he is on the highway to progress, prosperity and peaceful industry.

## President ABRAHAM LINCOLN'S EPIGRAMS.

Let none falter who thinks he is right.

If slavery is not wrong then nothing is wrong.

Come what will, I will keep my faith with friend and foe.

There is no grievance that is a fit object of redress by mob law

All that I am, all that I hope to be, I owe to my angel mother.

I authorize no bargains for the Presidency, and will be bound by none.

For thirty years I have been a temperate man, and I am too old to change.

No man is good enough to govern another man without that other's consent.

This country, with its institutions, belongs to the people who inhabit it.

I believe this Government cannot permanently endure half slave and half free.

Gold is good in its place; but living, brave and patriotic men are better than gold.

Nowhere in the world is presented a Government of so much liberty and equality.

This Government must be preserved in spite of the acts of any man, or set of men.

Understanding the spirit of our institutions to aim at the elevation of men, I am opposed to whatever tends to degrade them.

The reasonable man has long since agreed that intemperance is one of the greatest, if not the greatest, of all evils among mankind.

The purposes of the Almighty are perfect, and must prevail, though we erring mortals may fail accurately to perceive them in advance.

I protest against the counterfeit logic which concludes because I do not want a black woman for a slave I must necessarily want her for a wife.

I know that the Lord is always on the side of the right; but it is my constant anxiety and prayer that I and this nation should be on the Lord's side.

Many free countries have lost their liberty, and ours may lose hers; but, if she shall, be it my proudest plume, not that I was the last to desert, but that I never deserted her.

Gentlemen:--I am pleased to say that for 40 years I have known of the use and good results of Mexican Mustang Liniment for man and beast, and am now using it on my horse, and find it the best remedy now in use for all the complaints for which it is recommended.

Respectfully yours,  
REV. G. H. DWELLE,

Athens, Ga., Sept. 2, 1895.

Lyon Mfg. Co., Brooklyn, N. Y.

Gentlemen:--Several years ago my horse ran away with me and threw me out of the buggy, bruising and spraining me all over, nearly. I tried several liniments, but none did me any good. I finally resorted to Mexican Mustang Liniment and was very much surprised at the quick results. I was soon able to go to work and not a pain or ache remained.

Shortly after this my same horse had his leg injured while in the stable, and having some of the liniment left that I had been using on myself I tried it on my horse's leg, and after using one more bottle my horse was all right. I now keep Mexican Mustang Liniment always in my house and would not use any other. It is the best I know of, and I recommend it to all who want a good family liniment.

# Song--Old Kentucky Home.

The sun shines bright in the old Kentucky home,  
'Tis Summer, the darkies are gay;  
The corn top's ripe and the meadow's in the bloom,  
And the birds make music all the day.  
The young folks roll on the little cabin floor  
All merry, all happy and bright;  
By'n by hard times comes a knocking at the door,  
Then my old Kentucky home, good-night !

## CHORUS.

Weep no more, my lady, oh ! weep no more to-day,  
We will sing one song for the old Kentucky home,  
For the old Kentucky home far away.

They hunt no more for the 'possum an' the coon,  
On the meadow, the hill, and the shore;  
They sing no more by the glimmer of the moon,  
On the bench by the little cabin door.  
The day goes by like a shadow o'er the heart,  
With sorrow where all was delight.  
The time has come when the darkies have to part,  
Then my old Kentucky home, good-night !

## Chorus.

The head must bow and the back will have to bend  
Wherever the darkey may go ;  
A few more days and the trouble all will end,  
In the field where the sugar canes grow.  
A few more days for to tote the weary load—  
No matter ! 'Twill never be light ;  
A few more days till we totter on the road,  
Then my old Kentucky home, good-night !

## Chorus.

Gentlemen :--For about forty years I have been using MEXICAN MUSTANG LINIMENT around my stable, and I want to say that I have never found it surpassed by anything I have ever come across. For an all-around stable and family liniment it has no equal. For horses that are troubled with lameness and there is no break to show where the afflicted part is, just rub the Mustang well into the lame limb and it will soon penetrate to the seat of the trouble and in a short time the horse will be all right. For Swinney, Mexican Mustang Liniment is excellent.

Now, I want to say this about people who use this liniment. I have heard several say that it takes the hair off--they should know enough to put a little lard or grease of any kind on the part AFTER applying the liniment. This will prevent any of the hair from coming off. However, better lose all the hair than the horse. I unhesitatingly recommend Mexican Mustang Liniment to all horsemen and stockmen generally.

I also use this liniment in my family, and with equally good results.

Respectfully yours,  
W. S. COUCH.

Gentlemen :—I must say that I like your **Lyon's Kathairon** very much. I have only been using it a short time but have found it a fine thing for the hair and scalp—stops all itching and cleans the head and hair of all dirt and dandruff. It also makes the hair more easily combed and put up, leaving it in a clean, glossy condition. I find, also, that after using KATHAIRON a little while it will take out all harshness and stiffness. The perfume in Kathairon is elegant, and it is a nice, clean article.

HYMN.

The morning light is breaking,  
The darkness disappears;  
The sons of earth are waking  
To penitential tears.  
Each breeze that sweeps the ocean  
Brings tidings from afar,  
Of nations in commotion,  
Prepared for Zion's war.

See heathen nations bending  
Before the God we love,  
And thousand hearts ascending  
In gratitude above;  
While sinners, now confessing,  
The gospel call obey,  
And seek the Saviour's blessing,  
A nation in a day.

Blest river of salvation,  
Pursue thine onward way;  
Flow thou to every nation,  
Nor in thy richness stay:  
Stay not till all the lowly  
Triumphant reach their home;  
Stay not till all the holy  
Proclaim, 'The Lord is come!'

Gentlemen:—A short time ago I was making a drive from here to Weston, and when I arrived there in the evening my horse was lame. Gentlemen:—I often read testimonials in papers and books on certain medicines and sometimes wonder if they are really as good articles as people say. I have seen several on Mexican Mustang Liniment, and, from my own experience I can say that none of them are any too flattering. I have used Mexican Mustang Liniment for ten years—am never without it in the house. For cuts, burns, sprains or any such things I cannot recommend it too highly.

Some years ago I had blood poisoning and it would break out all over my body. I bathed my skin with Mustang Liniment where there was any eruption, and it would soon cure up all the affected parts. I think it is the best family liniment made.

# MEXICAN MUSTANG LINIMENT is for either Man or Beast

REV. O. L. JEMISON.

Rome, Ga., Sept. 9, 1895.

Lyon Manufacturing Co., Brooklyn, N. Y.

Gentlemen:—It gives me great pleasure to write you regarding the value of your **Mexican Mustang Liniment**. As I told a friend of mine a few days ago, "it is the best in the world," and I believe in it as an honest Liniment—not like some of the stuff I sometimes see people selling from a dry goods box on the street—and what always seems strange to me, people go to these street peddlers and pay one dollar a bottle for something that does them no good at all. Now, I just wish some of my friends will hear of this letter—if you publish it—and take my advice, and not make fools of themselves by buying some colored water at \$1 a bottle. Go to any of the druggists in your town and pay 25 cents for a bottle of MEXICAN MUSTANG LINIMENT and you will find that it is the best liniment on earth, to-day. I keep it on hand all the time, and if I mash my finger or am suffering from rheumatism or neuralgia, or from a cut, a burn or a sprain, I know just what to do—get my bottle and apply Mustang Liniment.

I hope you will be able to make use of this. I could write a good deal more as to the value of your liniment, but am afraid I have written more now than you want to trouble with publishing.

Sincerely yours,

REV. O. L. JEMISON,

WILMINGTON, N. C., March 19, 1895.

Dear Sirs:—I have been suffering with the headache for seven years, and could not find anything that would do me any good. I was advised by a friend to try a bottle of **Mexican Mustang Liniment** and I got one bottle and it has helped me very much and thank the Lord I am feeling like a new woman now, and I think that the world should know about your wonderful medicine.

Yours respectfully,

RACHEL MCNEIL, 411 Brunswick St.

A word to the WISE is sufficient. ONE trial of the HONEST old MEXICAN MUSTANG LINIMENT always satisfies the user as to its healing power.

38 years this good, old, pious minister has used Mexican Mustang Liniment.

Used **MEXICAN**  
**MUSTANG LINIMENT**

38 years. Only Liniment used, before the war, on farm where he lived. No liniment like Mexican Mustang Liniment. Read his interesting testimonial letter.

REV. H. C. PHILLIPS.

NEW BERNE, N. C., March 26, 1895.

*Lyon Manufacturing Co., Brooklyn, N. Y.*

Gentlemen:—I have been acquainted with **Mexican Mustang Liniment** for 38 years and think there is no liniment on the market that is its equal for man and beast. Before the war it was the only remedy that was used upon the farm where I lived for cuts, sores, bruises, and pain or soreness arising from any hurt to the body of man or beast. During 1885 I preached in Washington, N. C. Mr. Willis, a painter of that place had something the matter with his hand, he never knew what. He suffered night and day, a constant misery, and tried everything he heard of without getting any relief. When I heard of his condition I had him get a bottle of Mexican Mustang Liniment and use it and it cured him completely and he was able to use his hand as before. He blesses me to this day for showing him the medicine.

Very truly yours, **REV. H. C. PHILLIPS.**
